"The Dedicated & Committed Coaches  
at one place: Paathshala"

*Paathshala* was established on 1st Aug-2011 at Ambala cantt as coaching institute for IIT-JEE, one of the world's toughest entrance examination for admission into one of world's finest Engineering colleges, IITs and NITs. The institute was named "Paathshala" to follow our old tradition of teaching in a place where "Guru" truly involved in growth of each and every student (Vidyarthi) upto their optimum level. The vision of this institute is to impart education in an innovative and effective manner, where minimum efforts produce best results through optimization of different variables associated with the student. The initial focus of institute was to provide classroom coaching to students of XII & XI aspiring for IITs and NITs. Encouraged by the response of students in 2012-2013, foundation batches for X and XI were also started to build the base of students at an early age for IITJEE, NEET and other national level examinations like OLYMPIADS, KVPY, NTSE & NSTSE. Further demands of parents encouraged us to expand our wings and pre-foundation course for 8th were also started keeping in view that paathshala will plant its seeds on its own and will not borrow the week plants at intermediate level or later stages. Its really difficult to work with a student for IIT-JEE/NEET who has fractured fundamentals in lower classes. Role of parents in deciding the Institute and competitive study environment which paathshala provides to every student at every stage from 8th class to 12th class plays a crucial role for nurturing young brains. Paathshala provides 12x6 doubt classes, Library facility, comprehensive study material, experienced, enthusiastic, hard working, committed expert guidance in all subjects at par with national standards.

*Paathshala* is committed to better and better the study environment and guidance system every day at all levels & manners so that JEE or NEET aspirant's search of capable guidance could end at Paathshala. The process has started, your support and co-operation is welcome to build the shining future of students. In nut shell paathshala is working day & night so that we can provide as better guidance to student as possible... Paathshala's guiding principles are to make every child realise that he/she is unique and has natural curiosity to know nature and its laws... **Our Vision**

To guide as many students as possible to get into good Engineering and medical colleges and fulfill their dream of becoming good engineer or doctor... **Our AIM**

Strive to continuously improve the guidance system which can give strong individuals full of human values... **Our Values**

## Mr. Rajesh Chauhan

Mathematics Coach  
Director & HOD – Mathematics  
M. Sc - Mathematics  
( MDS University Rajasthan)  
**Exp:** 25 yrs in IIT-JEE Maths

**Message :** If you believe in yourself, Have dedication and pride and never quit, you will be a winner.

Dear Parent/Student

There is an old saying "who understands and knows maths, will never suffer in life". Students generally have phobia for maths that it is a difficult subject, but as a maths coach, I have a different viewpoint that it is a very easy subject. Some students have interest in maths and some don't till 10<sup>th</sup> class. Those who study maths with interest, my duty as a coach is to raise their level to match their passion and for those who do not have interest in maths, to develop in them interest for maths. Since last 17 years I have taught maths for IITJEE with such a simplicity so that no student who came in contact with me, feels that maths is difficult subject. I am working day & night with mind, body and soul, so that I take responsibility of Mathematics department as maths coach in Paathshala.

**राजेश चौहान**

डायरेक्टर: पाठशाला IIT - JEE, अम्बाला

**सफरनामा**

नाम : राजेश चौहान, जन्म स्थान : ऊरई (यू.पी.) ☎ +91 8556856289

संघर्ष और धैर्य के साथ आप भी बड़ी मंजिल हासिल कर सकते हैं ऐसा मानने वाले राजेश चौहान का जन्म ऊरई (यू.पी.) में हुआ। इन्होंने अपनी शिक्षा अजमेर से प्राप्त की। M.Sc (Mathematics) की पढ़ाई के दौरान ही इन्होंने निश्चय किया था कि मुझे Mathematics में अपना बेस्ट आउटपुट देना है तो शिक्षा के क्षेत्र में बच्चों को IITians बना कर करना है। अजमेर में स्टडी पूरी होने के बाद इन्हें कोटा कोचिंग में पढ़ाने के लिए एक मित्र से ऑफर मिला। उससे मिलने के बाद पता चला कि कोटा में सारे Subjects किसी भी शिक्षक को नहीं मिलता। किन्तु ये पूरा Subject ही पढ़ाना चाहते थे। उदाहरण के तौर पर गणित में Algebra, Trigonometry, Calculus Vector, 3d सभी टॉपिक होते हैं। तभी एक दूसरे मित्र ने चंडीगढ़ में अपना सेंटर शुरू किया। 2006 में तभी राजेश चौहान का आगमन अजमेर से चंडीगढ़ हुआ। वहां से ही 2012 में इन्हें अम्बाला में भी कोचिंग देने का अवसर मिला। तभी से वे संस्थान पाठशाला के नाम से अम्बाला में इस संस्थान को चल रहे हैं। पिछले 11 वर्षों में इस स्थान से करीब 100 बच्चे IIT Advance में सिलैक्शन ले चुके हैं। करीब 300 बच्चे अलग अलग NIT Colleges में पढ़कर देश एवं विदेश में अपना एवं पाठशाला का नाम रोशन कर रहे हैं। 2016 में निखिल कौशिक का A.I.R 16 रैंक भी इसी संस्थान से आया था। इनका कहना है कि ये भविष्य में भी इससे बेहतर रैंक पाठशाला अम्बाला से आते रहेंगे। इस शहर की एक खासियत भी है जोकि यहां के बच्चों के संस्कारों में दिखाई देती है। पाठशाला संस्थान के 35 विद्यार्थी NEET के माध्यम से डॉक्टर भी बन चुके हैं। पाठशाला भविष्य में भी मेहनत, सटीक मार्गदर्शन व सही रणनीति बना कर यहां के बहुत से बच्चों का IIT एवं NEET में सिलैक्शन के लिए प्रतिबद्ध हैं। किसी भी अभिभावक को अपने बच्चों को कोटा या चंडीगढ़ भेजने की आवश्यकता नहीं है। फिर भी वो वहां जाने से पहले पाठशाला में राजेश चौहान से एक मुलाकात कर सही मार्गदर्शन प्राप्त कर सकते हैं।

**1. Integrated Guidance system: Paathshala** provides step wise teaching necessary to score in CBSE/Schools examinations and IIT-JEE/NEET. Every week one class in each subject is spared for CBSE/school examination preparations. We provide separate assignments for CBSE/JEE/Olympiads/KVPY/NTSE/NSTSE Preparations.

### **2. 24 × 6 Doubt-Classes :**

Doubt clearing sessions are as important as Regular classes. If doubts of student are not cleared, student will lose interest in subject and growth of subject will stop. It is even more important who takes doubts of student, In almost all the institutes, doubt faculty is different from class-room faculty which makes an in- compatible pairing, as two teachers will explain a concept in two different manners. Another fact is that maximum times doubt teacher is incompetent & incapable to take doubts. **Paathshala** provides you doubt-classes from class-room faculty only who is proficient and expert in the subject. We encourage students to take doubts from any source/book while at maximum institutes student can ask doubts only from the source-material that they have provided to The student, which is not Sufficient if you aspire for top Ranks.

### **3. Library:**

Paathshala has a well designed library where a student can study any number of hours, creates an study environment. Library helps those students who can not study when they are alone at home. If they do self study in Library, they can clear their doubts immediately due to availability of teachers in the institute, Which encourages child to study more and more..... and Library extends strong support to the child's self study.

### **4. Test Pattern & Analysis:**

Paathshala conducts tests regularly on every Sunday, of the syllabus covered during the week. First test is based on CBSE pattern, second test on JEE-mains pattern & Third test on JEE-adv pattern. Our testing pattern is exhaustive enough to fine tune the student for performance in CBSE, JEE/NEET and other examinations like Olympiads/KVPY/NTSE/NSTSE. Test- Discussion Session held after test removes all doubts from the mind of student if left in a particular topic.

Paathshala IIT-JEE is the best institute for JEE aspirants. I learnt a lot of things at this institute, whether it be punctuality or hard work. I am very grateful of all the coaches and staff members for their unrelenting support. Paathshala has been more like a home to me than an institute and its people are my family! I never thought of cracking JEE in class 10th but Paathshala transformed me into a person capable of doing it. paathshala was the best fit for me.

## IITs

The Indian Institutes of Technology (IITs), are a group of sixteen autonomous engineering and technology-oriented institutes of higher education established and declared as institutes of National importance by the Parliament of India. The IITs were created to train scientists and engineers, with the aim of developing a skilled workforce to support the economic and social development of India after independence in 1947. Each IIT is an autonomous university, linked to the others through a common IIT Council, which oversees their administration. They have common admission procedure for undergraduate admissions, called joint entrance examination

(popularly known as IITJEE) to select around 10,000 undergraduate candidates a year. The seven fully established IITs are located in Kharagpur, Bombay, Madras, Kanpur, Delhi, Guwahati, and Roorkee. With the plan to setup eight more IITs in the states of Bihar (Patna), Rajasthan, Andhra Pradesh (Hyderabad), Himachal Pradesh, Orissa (Bhubaneswar), Madhya Pradesh (Indore), Gujarat (Gandhinagar) and Punjab (Rupnagar), and the conversion of IT-BHU to an IIT, the total number of IITs will be increased to 16. Six of the eight proposed new IITs, namely IIT-Patna, IIT-Rajasthan, IIT-Hyderabad, IITBhubaneswar, IIT-Gandhinagar and IIT-Punjab are functional as of June 2008 and have admitted students for the 2008-09 academic year. All IITs are autonomous universities that draft their own curricula, and they are members of LAOTSE, an international network of universities in Europe and Asia. LAOTSE membership allows the IITs to exchange students and senior scholars with universities in other countries.

IIT-JEE is one of the toughest and most coveted Engineering Entrance Exams in the world. The syllabus of the examination is based on topics which are covered by the CBSE Board Examination (AISSCE) and the ISC Board Examination, though all topics of the AISSCE and the ISC are not included in the JEE syllabus. The pattern of questions in JEE is deliberately variable so as to minimize the chance of students getting selected by cramming up the probable questions.

Given the importance attached to the JEE by students all over India, the IITs follow a rigorous procedure when conducting it every year. The exam is set by the JEE Committee (consisting of a group of faculty members drawn from the admitting colleges) under the tightest security. Multiple sets of question papers are framed and the set that is to actually be used on the day of the exam is known to only about five individuals. In the past, the JEE has been noted for originality in its questions. It's a matter of incredible pride to successfully clear this examination and become a part of world of excellence that only IITs are able to provide.

### NITs

The National Institutes of Technology (NITs), is an engineering, science, technology and management school system in India comprising thirty autonomous universities, one located in every state/UT of India. Since their inception decades ago, all NITs were referred to as Regional Engineering Colleges (RECs) and were governed by their respective state governments. A parliamentary legislation in 2002 brought them under the direct purview of India's federal government. NITs offer degree courses at bachelors, masters and doctorate levels in various branches of engineering and technology. Each NIT takes 50% of students from its home state and 50% from the rest of India. Admissions in NITs and some other premium engineering colleges are through IITJEE(Mains).

NIT WARANGAL

The NIT brand is regarded very highly as one of the premier technical education institutes in India. The NITs are rated just next to the Indian Institute of Technology (IITs) in terms of quality of education, research and placements.

The placements in all the NITs have skyrocketed lately, especially at the National Institute of Technology at Tiruchirappalli, Surathkal, Warangal, Calicut, Allahabad and Durgapur.

Some of NITs alumni are working as professors in IITs,

IISc, IIMs, NITs, and also abroad in colleges like Stanford and Caltech

## **MEDICAL EDUCATION IN INDIA**

Becoming a doctor is a childhood dream for many. Perhaps, there is no other career which commands such respect and awe as medicine. A doctor's profession involves a lot of hard work with a good degree of dedication and at the same time, it also brings with it the satisfaction of having cured people suffering from illnesses, diseases and trauma. The demand for medical professionals for treatment as well as research work is ever increasing both within India and abroad. The ongoing liberalization of economy is expected to bring in better opportunities for medical professionals in terms of remuneration research and working facilities.

In India, a medical college refers to an educational institution that provides medical education. These institutions may vary from stand alone colleges that train doctors to conglomerates that offer training related in all aspects of medical care, Currently there are approximately 330 such medical colleges in India offering a total of over 35,000 seats, Medical Council of India (MCI), the regulatory body for Medical Education in India has recently announced the opening of 66 Medical Colleges and 10,000 new seats.

## **AIPMT AND OTHER MEDICAL ENTRANCE EXAMINATIONS**

We at Paathshala cover subject areas that help students successfully attempt the following Medical Entrance Examinations:

Prominent Pre-Medical Tests

National Eligibility Cum Entrance Test (NEET)

All India Institute of Medical Sciences Pre-Medical Test (AIIMS-PMT)

Other Important National-Level Pre-Medical Tests

Banaras Hindu University (BHU) Pre-Medical Test

Jawaharlal Institute of Post-graduate Medical Education and Research - Pre-Medical Test (JIPMER-PMT)

Armed Forces Medical College (AFMC)

Pre-Medical Test Manipal - Pre-Medical Test (Manipal-PMT)

Annamalai University-All India Medical Entrance Examination (AU-AIMEE)

Delhi University Medical-Dental Entrance Test (DUMET)

Aligarh Muslim University - Pre-Medical Test (AMU-PMT)

Association of Managements of Unaided Private Medical and Dental Colleges (AMUPMDC)

SRM Institute of Science and Technology - Pre-Medical Test Bharati Vidyapeeth University Entrance Examination

Important State-Level Pre-Medical Tests Rajasthan Pre-Medical Test (R-PMT)

Uttar Pradesh Combined Pre-Medical Test (UPCPMT)

Madhya Pradesh Pre-Medical Test (MP-PMT)

Punjab Medical Entrance Test (PMET)

Consortium of Medical Engineering and Dental Colleges of Karnataka Post Graduate Entrance Test (COMEDK PGET)

Orissa Joint Entrance Examination (O-JEE)

Haryana Pre-Medical Test (H-PMT)

West Bengal Joint Entrance Examination (WB-JEE)

Uttaranchal Pre-Medical Test (U-PMT)

Himachal Pradesh Combined Pre Medical Entrance Test (HP CPMT)

General Eligibility Criteria for Medical Entrance Examinations Candidates who wish to attempt the mentioned medical entrance tests have to be at least 17 years of age. He/She must have passed 10+2 exam from a recognized university with Physics, Chemistry and Biology as compulsory subjects in 11th and 12th class.

## ABOUT MEDICAL EDUCATION IN INDIA : NEET

### NEET

Every year, applications are invited for All India Pre-Medical / Pre-Dental Entrance Examination to be conducted by the Central Board of Secondary Education (CBSE), Delhi for admission to 15% of the total seats for Medical/Dental Courses in all Medical/Dental Colleges run by the Union of India, State Governments, Municipal and other local authorities in India except in the States of Andhra Pradesh and Jammu & Kashmir . • The two-stage examination comprises a objective format Preliminary Examination & Final Examination.

### AIIMS

The date of the entrance examination is fixed to be in the 1<sup>st</sup> week of June. The paper is three and a half hours in duration and has over 200 multiple choice and reason-assertion type questions. There are 60 questions each from Physics, Chemistry and Biology and 20 questions from General Knowledge. There is negative marking for incorrect answers.

### AFMC

Candidates have to first give a written test. The syllabus of the written test is the same as the 11<sup>th</sup> and 12<sup>th</sup> standard syllabus. Those who clear the written test are called for interviews and a medical test at a later stage

### JIPMER

The entrance test consists of 200 multiple choice questions equally from English, Physics, Chemistry, Zoology and Botany. There are four options for each question and there is no negative marking.

## Olympiads

Homi Bhabha Centre for Science Education is the nodal centre of the country for Olympiad programmes in mathematics and sciences including astronomy. The programmes aim at promoting excellence in science and mathematics among pre-university students. The following International Olympiads are conducted by Homi Bhabha Centre for Science Education (HBCSE):

- ★ International Physics Olympiad (IPhO)
- ★ International Chemistry Olympiad (IChO)
- ★ International Biology Olympiad (IBO)
- ★ International Olympiad in Astronomy and Astrophysics (IOAA)
- ★ International Junior Science Olympiad (IJSO)
- ★ International Mathematics Olympiad (IMO)

Since August 2008, a new integrated National Steering Committee for science and astronomy Olympiads has been overseeing all activities for these subjects. The Olympiad programmes in Physics, Chemistry, Biology, Astronomy (junior and senior level) and junior science comprise a five stage process in each subject as given below

1. National Standard Examination in Physics / Chem. / Bio./ Astronomy (NSE P/C/B/A).
  2. Indian National Physics / Chem. ; Bio ; Astronomy Olympiad (IN PhO/ChO/BhO/AO)
  3. Orientation cum Selection Camp (OCSC)
  4. Pre Departure Training Camp (PDT)
  5. International Physics; Chem. / Bio. ; Astronomy Olympiad (IPhO/IChO/IBO/IOA)
- The first stage for each subject is organized by the Indian Association of Physics Teachers (IAPT) and all remaining stages are organized by the Homi Bhabha Centre for Science Education (HBCSE).

Stages of the International Mathematical Olympiad (IMO):

1. Regional Mathematical Olympiad (RMO)
2. Indian National Mathematical Olympiad (INMO)
3. International Mathematical Olympiad Training Camp (IMOTC)
4. Pre-departure Training Camp for IMO
5. International Mathematical Olympiad (IMO)

The Mathematics Olympiad is conducted under the aegis of the National Board of Higher Mathematics (NBHM) and the programme is financially supported by the Department of Atomic Energy (DAE), Department of Science and Technology, Department of Space and Ministry of Human Resource Development. All examinations are offered in English Medium, however, the Junior Level NSEA Question Papers may be available in Hindi, Gujarati and Bengali provided there are at least 300 students opting for the respective language.

### Awards

HBCSE offers no career incentives (admissions or scholarships) to Olympiad students. HBCSE views the Olympiads mainly as a promotional programme to encourage students towards basic sciences by providing them with challenging academic opportunities. However, some special merit awards, in the form of books, etc. are given to students in appreciation of merit at the end of the training camps in different subjects of science.

### KVPY

The Kishore Vaigyanik Protsahan Yojana (KVPY) is an ongoing programme started by the Department of Science and Technology, Government of India to identify and encourage talented students with an aptitude for research in Basic Sciences. Engineering and Medicine. This program strives to assist students to realize their potential for successful careers in research and development and generous scholarships are awarded to the selected students (up to the pre-Ph.D. level).

### ELIGIBILITY

**SA Stream:** Students enrolled in Class XI (science streams) and having secured a minimum of 75% (65% for SC/ST) marks in their class X Board Examination's aggregate of mathematics and science subjects.

**SB+2 stream:** students enrolled in class XII, aspiring to join undergraduate programmes in Basic Sciences (B.Sc./B.S./Integrated M.Sc.) and having secured a minimum of 75% (65% for SC/ST) marks in their class X Board Examination's aggregate of mathematics and science subjects.

### SELECTION PROCESS

There are two stages in the selection process, namely, a written examination followed by an interview. Candidates from both streams, SA and SB +2, have to appear for a written aptitude test (conducted both in Hindi and English). The question paper in SA Stream will have both multiple choice objective and descriptive type of questions. There is no prescribed syllabus for the written test but its purpose is to test more, understanding and analytical abilities of students and less, their factual knowledge.

### FELLOWSHIPS

The department of Science & Technology, Government of India, offers attractive fellowships (4,000 to 7,000 per month) and a contingency grant (four months fellowship) to selected students.

In the year 1964 the scheme was extended to all the states and the union territories in the country with 350 scholarships for the students of Class XI. These scholarships were awarded on the basis of a written examination, a project report and interview. The written examination comprised the Science Aptitude Test and an Essay on a given scientific theme. The candidates were to submit the project report at the time of the written examination. A stipulated number of candidates selected on the basis of these three components were then subjected to personal interview. The performance of the candidates on these four components was eventually employed for the purpose of awarding scholarships. These scholarships were awarded for pursuing education only in basic sciences up to doctoral level. Consequent upon the introduction of 10+2+3 pattern of education, the NSTS scheme also underwent a change in the year 1976. It was no longer confined to only basic sciences but was extended to social sciences, engineering and medicine as well. It was renamed as National Talent Search Scheme (NTSS). Since the education system in the country was undergoing a change, the scheme was made open to the students of Classes X, XI and XII and separate examinations were conducted for each class. The number of scholarships was raised to 500. The selection procedure was also changed. Now the candidates were subjected to two objective type written tests namely the Mental Ability Test (MAT) and the Scholastic Aptitude Test (SAT). A stipulated number of candidates qualifying these two tests were subjected to face-to-face interview. The final awards were made on the basis of composite scores obtained in the MAT, the SAT and the interview. The number of scholarships was again enhanced from 500 to 550 in the year 1981. These 50 scholarships were exclusively meant for Scheduled Castes (SC) and Scheduled Tribes (ST) candidates. The number of scholarships was once again escalated to 750 in the year 1983 with a provision of 70 scholarships especially for SC/ST candidates. This arrangement continued until the scheme was decentralised in the year 1985. In the year 2000, the number of scholarships was raised from 750 to 1000 with the provision of reservation for SC and ST candidates based on the national norms of 15 per cent and 7½ per cent respectively. Yet another change in the scheme was made in the year 2006 wherein the NTS examination was held at the end of Class VIII. From the year 2008 examination, a provision of 3 per cent reservation has been made for physically challenged students.

### **Paathshala Support System for KVPY and Olympiads.**

We not only prepare students for the toughest entrance examinations like IIT-JEE and NEET but also nourish them to develop a logical/scientific temperament and participate in KVPY and Olympiads.

Sample papers are provided to students which contain question papers of the previous three years.

Students are duly informed on time about application form availability / last dates etc. and are provided complete support and guidance in filling forms (both online & offline)

## पाठशाला की सांची ने जे.ई.ई. मेन्स-2023 में 96.48 परसेंटाइल स्कोर किया हासिल

अम्बाला, 9 फरवरी (बी.एन.): एन.टी.ए. ने इंजीनियरिंग दाखिलों के लिए देश की सबसे बड़ी संयुक्त प्रवेश परीक्षा जे.ई.ई. मेन्स-2023 के पहले चरण, यानी जनवरी सत्र के लिए पेपर-1 का परिणाम घोषित कर दिया है।

यही वजह है कि इन बच्चों ने परीक्षा में शानदार प्रदर्शन किया है। अब जुलाई मेंस की तैयारी प्रतिदिन पाठशाला इंस्टीच्यू में चल रही है। जिनमें सभी बच्चों को पाठशाला में ही बुलवाकर सुबह 9:00 बजे से रात 9:00 बजे तक फ्रैक्लेटी के द्वारा उनको सामने बिनाकर फिजिक्स, कैमैस्ट्री व गणित में 400 प्रश्नों का अभ्यास करवाया जाता है।

पाठशाला के डायरेक्टर राजेश चौहान का कहना है, कि जुलाई के लिए बच्चों को जिस तरीके से मेहनत करवाई जा रही है, वह सामान्य और भी बेहतर होगा।

**पाठशाला कोचिंग के छात्रों का  
10वीं और 12वीं में उत्कृष्ट प्रदर्शन**

अम्बाला छावनी, 26 जुलाई (मनीष) : प्रत्येक वर्ष की तरह इस वर्ष भी पाठशाला कोशिंग इंस्टीट्यूट के 10वीं व 12वीं के विद्यार्थियों का परीक्षा वेदश शानदार रही। बता दें कि कोविड-19 महामारी की वजह से विद्यार्थियों को ऑनलाइन कक्षाओं के माध्यम द्वारा प्रशिक्षित किया। वाजुद इसके परीक्षा उत्साहपूर्ण, गुण संतोषजनक रहे। 10वीं के कार्टिक चौहान ने 95 फीसदी, सान्त्विक एसा 94 फीसदी, अंशु सरोहा 93.5 फीसदी, दिव्यांका मेहता ने 91.3 फीसदी तथा मान्या ने 85 फीसदी अंक अर्जित किए हैं।

इसी प्रकार 12वीं के उदय सिंह ने 93 फीसदी, मिथी घोवर ने 92.6 फीसदी व हिमांशी गुप्ता ने 92 फीसदी अंक प्राप्त कर अपने संस्थान नाम रोजन किया है। यहां के स्टाफ ने बताया कि पाठशाला कोंचिंग इंस्टीट्यूट के डायरेक्टर राजेश चौहान की कड़ी मेहनत की वजह से हर साल यहां का बेहतरीन प्रदर्शन रहता है।

संस्थान के डायरेक्टर ने कहा कि यदि बच्चों को सही मार्गदर्शक एवं मार्गदर्शन मिले तो बेहद अच्छा परिणाम लाने में एवं अपना भविष्य सुधारने में सक्षम होते हैं।

राष्ट्रशास्त्रा सभी विद्यार्थियों को न केवल कम्प्यूटिड एजाम के लिए तैयार करता है बल्कि सी.बी.एस.ई. बोर्ड परीक्षा के लिए भी पूरी तैयारी करता है, जिसमें कक्षा में 100 फीसदी एन.सी.ई.आर.टी. पढ़ाई जाती है। सभी विद्यार्थियों को बोर्ड परीक्षा पर आधारित टैस्ट एवं असाइनमेंट कराया जाता है। यही एक मूल मंत्र है, जो विद्यार्थियों के सर्वोत्तम प्रदर्शन में मददगार एवं लाभकारी है।
